Mobile no: +91 98247 39800

ID: patel.dhwani.c@gmail.com

Add: Patel Street, Choryasi, Kamrej, Surat

Summary

Result oriented professional and I completed my master in Science in the field of Biotechnology from Bhagwan Mahavir College of science and technology, VNSGU, Surat. Currently I am as a Lab technician at Aspee Shakilam Biotechnology Institute, Navasari Agriculture University, Surat. I gain substantial experience for best research experience that will improve my techniques. . Have knowledge about Microsoft word, Microsoft Excel, Microsoft PowerPoint and Email management. Have experience how to draft phylogenetic tree, to find ORF of a given sequence, construction of cladogram, visualizing the Secondary protein and PDB structure visualization. I am seeking for to explore the world of biotechnology and how technology taking place with biology.

Academic Credentials

Sr no	Degree	Course	School/ Institute	Board/ University	Passing Year	Percentage
1	Master	Biotechnology	Bhagwan mahavir college of science and technology	VNSGU	2022	64%
2	Graduation	Biotechnology	Bhagwan mahavir college of science and technology	VNSGU	2020	60%
3	H.S.C	Science	Ramkabir high school, Kamrej	G.H.S.E.B	2018	60%
4	S.S.C	-	Ramkabir high school, Kamrej	G.S.E.B	2016	64%

Experience

- **Currently working as Laboratory technician in Bioinformatics section at Aspee Shakilam Biotechnology Institute, Navasari Agriculture University, Surat**
- **Experience:** 11 Month
- **Responsibilities:**
 1. Maintaining the laboratory instruments like UPS , Computers and Bioinformatics Server

2. Guiding UG students to performing experiments
 3. Handling all instruments which come into the project work & handling cooling centrifuge, Vortex, Digital pH meter, Autoclave, Gel electrophoresis, Colony counter
 4. And also I can perform the plant tissue culture of Millet, Capsicum, Neem
- **Done my dissertation at ICAR National Research Centre for Grapes Pune, Maharashtra**
- **Experience** : 6 month
- **Topic:** Characterization of Bacterial Endophytes from Grapevine Genotype
1. I gained grate experience of research that how bacteria can isolated from Healthy Grapes & Bacteria can be beneficial for the Agricultural as a Endophytes
 2. I had done Bacterial biochemical test, Enzyme production test (Qualitative & Quantitative) DNA isolation of bacterial entophytes, PCR of bacterial Endophytes
 3. Apart from I had experience to isolated to pathogenic fungi from infected Grapes & DNA isolation of fungus, Antagonistic of Endophytic Bacteria

Visits

- Visited at Sula vineyards at Nasik to study how to do production of bulk of wine
- Visited to Surat Raktakendra & Research centre (Blood Bank) to study on Laboratory Instruments and Storage

Personal Profile

DOB: 23/ 4/ 2000

Gender: female

Religion: Hindu

Nationality: Indian

Marital status: Unmarried

Languages: Gujarati / Hindi /English

Reference

1. Dr. Somnath Holkar

Senior Scientist, (Plant Pathology)

ICAR- NRCG,

Pune, Maharashtra.

2. Dr. Someshree Mane

Junior Research Fellow,

ICAR-IARI,

New Delhi.

Declaration

I hereby declare that the information given above are true and correct to the best of my knowledge and belief.
