

Jayasruthi Vimalesh

(Msc. In Electronics and communication systems)

(M):+919074626569;Email:sruthijayasruthi97@gmail.com

Citizenship:	Indian Citizen	
Current Location:	Surat, Gujarat	
Experience:	Internship Experience 10 Weeks internship in ST. Thomas English Medium Higher Secondary School, Surat Work Experience Primary Teacher(Science, Mathematics) ST. Thomas English Medium Higher Secondary School Surat January 2022- December 2022 Freelance Science Tutor Palakkad, Kerala April 2018- April 2020	
Languages Known:	Malayalam, English, Hindi& Tamil.	
Date of birth:	02 nd November, 1997.	
Marital Status:	Married	

CAREER OBJECTIVE:

To be a part of an organisation where I can grow in terms of knowledge, skills and attitude and put to an effective use of my knowledge, so as to align self-development with organisational development.

EDUCATIONAL ABRIDGEMENT:

COURSE	INSTITUTION	BOARD/UNIVERSITY	YEAROF COMPLETION	%Age
B. Ed	Siddhi B.Ed. College	Gujarat university	2024	
Master of Science in Electronics& Communication Systems	AJK College of Arts & Science Navakkarai, Coimbatore.	Bharathiar University	2020	86
Bachelor of Science in Physics	N.S.S College, Ottapalam, Kerala.	University of Calicut	2018	84
HSC-Science	M.N.K.M.G.H.S.S Pulappatta, Kerala.	Kerala Board of HSC Education	2015	94
SSLC	M.N.K.M.G.H.S.S Pulappatta, Kerala.	Kerala State Board	2013	96

SKILLS:

Domain Proficiency: - Physics - Maths - Communication - Presentation - organising	Software Proficiency: - C++ - VI - Basic Computer Knowledge

C2General

ACADEMIC PROJECT:

TEMPERATURE CONTROLLED PELTIER COOLING SYSTEM

This project proposes a cost effective peltier cooler which can produce cooling effect without the emission of CFCs. This peltier refrigerator equipped with the temperature control system has been found to meet our required precision between particular range with Arduino code.

RFID BASED SMART TRAFFIC CONTROL FRAMEWORK FOR EMERGENCYVEHICLES

When an emergency vehicle such as Ambulance or Fire engine gets stuck in traffic jam, saving the human life becomes difficult. To solve these issues, a RFID-based system is proposed , which manages and regulates the traffic signals at junctions when the emergency vehicle approaches, by allowing the easy passage out of the traffic congestions.

INTERNSHIP:

Fifteen days internship in CISCO about capacitor manufacturing.

AWARDS & RECOGNITION:

- B Grade in state level Mathematics Fair (Applied Construction)
- A grade in State Level Science Fair (Still Model)

OTHER ACTIVITIES:

- Worked as Magazine Editor at Mahatma Library (Kerala).

STRENGTHS:

- Organized person who enjoys managing multiple responsibilities.
- Keen ability to think strategically, listen and understand business needs.
- Strong communication skills (written, verbal and presentation)with time management and prioritization skills.

DECLARATION:

I hereby declare that the information furnished above is true to the best of my knowledge.

Yours faithfully,

Jayasruthi Vimalesh
