- Ensuring quality standard Issue and Renewed of Safety work permit (Hot/Cold work, LOTO, Work at height, Excavation and Confined Space Entry) inside plant battery limit areas.

Industrial training

- Vocational Training in Reliance Industries limited (HAZIRA) for 4weeks in 2018.
- Vocational Training in Essar Steel Pvt. Ltd. (HAZIRA) for 4 weeks in 2019.

Extra activities and certificates

- Participated in one day seminar on **Conventional and advanced chemical engineering practices 2018**.
- I was part of the university cricket team at **Petro Cup 2018** at PDPU.

Professional Experience

1. **ArcelorMittal Nippon Steel India Pvt. Ltd. Hazira** (Formerly known as Essar Steel India Ltd.)

- Industry : Steel product manufacturing
- Type of product: Steel plates, Pipes, Steel rolls, Galvanized rolls, special chemical treatment steel
- Designation : Section Engineer-Utilities
- Duration : April-2023 to till date
- Responsibility : Oversee operation and maintenance of all utility equipment including pumps, compressors, cooling towers, heat exchangers, boilers, ETP, STP, and DM plants.
- Ensure equipment health, operational efficiency, and availability to prevent breakdowns.
- Lead CAPA initiatives, service activities, and project execution to improve plant performance and reduce costs.
- Conduct routine inspections, safety audits, and ensure compliance with safety standards.
- Provide technical training and support to plant personnel and contractors.
- Focus on safety protocols, hazard identification, and emergency preparedness.
- **KRA's of work** : Make all equipment's healthy, efficient and available as a standby to avoid any unnecessary breakdown.
Make CAPA, service, project execution, operational cost control and committed to sustainable productivity concentrate on target achieving.
Team leadership, Equipment inspection, Budget & resource management, continuous improvement, Health and safety, Documentation & reporting.
- **KPI's of work** : Execute installation, overhauling and Operation of all types of Pump, compressors, dryers, Blowers, cooling towers etc.
Educate and training to customer personal, engineers and associates on operation procedure.
Continue focused on the safety and educate to all for the unsafe condition and unsafe act. Provide technical support to the colleagues even over the call to resolve the issue and to avoid the delay.

Qualification

Name of Exam	Collage	Board/University	Pect.(%)	Year of Passing
B. Tech (Chemical Engineering)	CGPIT, Bardoli	Uka Tarsadia University	72	2020
12th	L.H. Boghra high school	GSEB	61	2016

Self-Declaration
